### Caraway Identified As Man Who Hit Woman in Jersey

Maplewood Resident Says  
Negro Struck and Stole;  
Agencies Given  
Reminder

Mineola, N. Y., Aug. 6 (AP)—Ward Beecher Caraway, charged with the July 24 slaying of Mrs. Marjory Church Logan, has been identified as the man who knocked down Mrs. Mary Louise Whitehead in her home in Maplewood, N. J., the afternoon of June 4, 1945, Nassau county authorities announced last night.

Caraway, 23-year-old negro butler-chauvin, was identified by Mrs. Whitehead who was brought here from her home by Maplewood detectives, they said.

Maplewood Chief of Police Gustave J. Swan said that on the afternoon of the Whitehead assault, a slender negro, wearing a raincoat, came to the Whiteheads' back door, inquiring about a family in the neighborhood. Mrs. Whitehead said she never heard of the man into the house to look through a telephone book.

As she turned her head, Swan said, the man struck her on the head, pushed her into the kitchen, took \$13 from her, and gagged and bound her with some soiled laundry. Swan said he tore off some of her clothing but fled the house when he became frightened by noises on the outside.

### Reminder Is Given

Trenton, N. J., Aug. 6 (AP)—State Labor Commissioner Harry C. Harper today said he has reminded the 147 operators of private employment agencies in New Jersey that they must by law check the background of every person referred to a job with a money-handling post.

Harper's warning went out at the same time the H. and M. Modern Employment Agency in New York was ordered to appear on charges of "flagrant violation" of the employment agency law of that state. The agency was accused by License Commissioner Benjamin Fielding of "gross failure to make diligent inquiry into the background, record and references" of Ward Beecher Caraway.

Caraway, 23-year-old negro butler and chauffeur, was charged with the murder last week of Mrs. Marjory Church Logan in Foster Hill, Nassau county.

### Hearing Is Scheduled

New York, Aug. 6 (AP)—A formal complaint charging "flagrant violation" of state law was made today by License Commissioner Benjamin Fielding against the H. and M. Modern Employment Agency.

The complaint also charged "gross failure to make diligent inquiry into the background, record and references" of Ward Beecher Caraway, charged with the murder of Mrs. Marjory Church Logan, and of Foster Hill, Long Island, last week.

Fielding's action requires Robert M. Morris, 58-28 Eighty-First street, to appear in court.

### Detroit Jurist Is Irrked at Free Love And Illegitimacy

His Cases, He Says, Show  
Premium Available  
for Unwed Mothers  
in Michigan

Detroit, Aug. 6 (AP)—A Detroit jurist was on record today with a charge that unwed mothers are collecting welfare money in Michigan for illegitimate children conceived under what he termed a state-encouraged program of "free love."

Recorder Judge Arthur E. Gordon, in an interview, said a study of Detroit court cases shows an "alarming" increase in illegitimacy while unmarried mothers dissipate their government dole on gambling, drinking and the men who fathered their illegitimate offspring.

"The study showed that there is a definite tendency to put a premium on illegitimacy," he declared.

"To state that every case of illegitimacy is based on fraud would be brutal and unfair," Judge Gordon said. "But why should we squawk about 'free love' and babies supported by the state in totalitarian countries when we do the same thing here—except that our state doesn't train them."

Raids on gambling centers and blind pigs, the jurist said, have resulted in a parade of unmarried mothers through his own and other courts.

### Lowest Moral Type

Many of these women "of the lowest moral type," Judge Gordon said, were collecting government aid for children "because they're too irresponsible to work."

"The mothers blow their dole profits on mutuels, numbers, beer gardens and on the paps, who are likely to have other families in other parts of our great metropolis," he added.

The judge related one case in which he said the government pays \$174 a month to an unmarried woman who has had four children by as many different men.

"Nobody ever thought of making the proud paps support their children," he said.

### Vegetable Exhibits Will Be Part of Ulster One-Day Fair

Vegetable growers for the first time since 1936 will have an opportunity to exhibit their produce at the County Fair which will be held at Forsyth Park on Wednesday, August 21, and complete for prizes. The fair will be held only one day and exhibitors may get details and entry blanks from the Ulster County Farm Bureau office at 74 John street.

Not in ten years has there been a vegetable section at the fair, although the last fair was held in 1942 and then discontinued for the period of the war. With the commercial and home garden vegetable growers once again invited to exhibit, this section of the fair will once again become one of the interesting spots among the exhibits.

No matter how small or how large the garden may be, growers are invited to enter their produce and compete for several hundred dollars in prize money. It is expected that many local "victory gardeners" will enter specimens of their work to display the progress which they have made in home gardening during the war years.

The exhibits are open to entries from both amateur and commercial gardeners and in the list of prizes will be found many classes. In most cases only five specimens are needed, such as five tomatoes, potatoes, carrots, beets, etc., but beans and peas etc., require twelve of each specimen and cabbage, cauliflower, etc., only one. You may exhibit in as many classes as you wish and compete for prize money in every class.

### Peace Committee Votes Down Proposal; Byrnes And Molotov Clash

Senators Are After  
Tip May Was Guest  
At Miami Beach

Rumor Is He Was There  
With Garssons in  
1944; Manager  
Can't Recall

Washington, Aug. 6 (AP)—Senate war investigators were said today to be pursuing a tip that Rep. May (D-Ky.) vacationed in Miami Beach, Fla., with officials of the Garsson munitions combine in March or April, 1944.

An official of the Mead Committee said the group has received information indicating that the Kentucky lawmaker may have been at the Versailles Hotel in Miami Beach at some period during that time with Murray and Henry Garsson. The two brothers were guiding lights of the Batavia and Erie Basin Metal Products Companies and other firms in the combine.

Congress was in recess from April 1 to 12, 1944.

In a speech to the House last July 3, May denied specifically that he had received any travel expenses from the Cumberland Lumber Company, an affiliate of the combine, adding that "I never used one penny of anybody's money except my own as travel expense or otherwise."

Nevertheless, the committee was understood to be preparing to question May—when his health permits him to appear—about the reasons for and the expenses of the reported Florida trip, at a period when War Department witnesses have testified the House military committee chairman was half of the Garsson companies.

The questioning may come after September 1, although Chairman Mead (D-N.Y.) said the committee will know more about that Friday when Warren Magee, May's attorney, has been directed to report on his client's health.

### Marines Will Act On Local Housing

Mayone Is Authorized  
to Secure Cooperation  
of Other Veterans

Something is going to be done about the housing situation in this area if a move inaugurated Monday night by Ulster Detachment, Marine Corps League, results in the cooperative action that its proponents hope for.

The housing shortage was the chief topic of discussion at the meeting of the Marine Corps League Monday night. Following the discussion it was voted unanimously to do something to remedy the situation.

On motion Commandant John R. Mayone was authorized to name a committee to represent Ulster Detachment and to take action to secure the cooperation of other veterans organizations in the county. These organizations will be asked to name similar committees, with the idea that the

Byrnes Expresses His  
Surprise at Soviet  
Suggestion; Charges  
'Dictation'

Paris, Aug. 6 (AP)—The peace conference rules committee today voted down a proposal by Foreign Minister Jan Masaryk of Czechoslovakia to appoint a subcommittee to study the various proposals for voting procedure. The vote was 11 to 8, with two nations abstaining and with Britain and the United States lining up on opposite sides of the question.

Prime Minister V. M. Molotov then suggested that a two-thirds majority be required in committee to adopt any of the proposals on voting procedure.

Secretary of State James F. Byrnes immediately pointed out that the procedure suggested by the foreign minister council called for a simple majority vote on procedural matters and said "I am really surprised that the representative of the Soviet Union has suggested this."

Molotov clashed on the floor of the Paris peace conference rules committee today, Byrnes charging the Russian with seeking dictation to the conference through the big four and Molotov replying that the big four was an American invention.

Byrnes, replying to the Russian's charges of inconsistency read copiously from "the record" and challenged Molotov to see that the United States delegate's remarks were published in the Soviet press.

Repeats His Charges  
Molotov repeated his charges of inconsistency. He said Byrnes was speaking "in a serious and angry tone" and declared "we, almost alone, have to defend the agreed decisions" of the foreign ministers of the four principal powers, Russia, Britain, France and the United States.

He accepted Byrnes' challenge to have the secretary of state's remarks published in the Russian press.

The exchange took place in the second week of arguments as to whether the committee will recommend a rule that a simple majority or two-thirds majority vote will be required for the full conference to pass treaty recommendations on to the foreign ministers council of four for final action.

Chairman Paul-Henri Spaak of Belgium announced that the committee would ballot on voting procedure at the afternoon session beginning at 4 p. m. (10 a. m. Eastern Standard Time).

The American delegate also challenged the accuracy of Molotov's statement before the Peace Conference Rules Committee. When he accused Byrnes of inconsistency for supporting a proposal by Minister W. I. Mackenzie King of Canada that the Foreign Ministers Council meet concurrently with the conference to speed the writing of peace treaties for five beaten countries.

Interrupting debate in the Rules Committee on the hotly-argued two-third rule, Byrnes declared: "In the United States we have a free press. Therefore the Soviet representative can be sure his attack against me has been published in the United States. I challenge him to see that my following statement is also published in the press of the Soviet Union."

"When the Soviet had its back to the wall, the United States promised aid and we came to their aid. We have only admiration and respect for the people of the Soviet Union. And we won't let that admiration and respect be changed by any attacks by Mr. Molotov."

Molotov's interpreter, N. V. Pavlov, followed the secretary's address closely, leaning toward the speaker and straining to hear, then bending over Molotov at intervals to whisper snatches of the address.

Molotov, seated only six seats from Byrnes, scarcely changed expression throughout the American's speech.

Byrnes declared that ever since Potsdam the Soviet Union had sought to restrict the participants in the Paris conference to the "smallest possible number" and that Molotov had attempted to have the Foreign Ministers Council dictate to the conference. He added:

### Banks, Insurance Firms Face Suits for Construction Delay

Doak Gets Life  
Term as Kidnaper

Seizure of Jersey State  
Trooper Wrong Move  
for Escaped Convict

Somerville, N. J., Aug. 6 (AP)—August Bernard Doak, 29-year-old escaped Michigan convict, pleaded guilty to the kidnapping of a New Jersey state trooper five days ago and was sentenced immediately to life imprisonment at hard labor.

Doak signed a waiver of his right to trial and asked Somerset County Special Session Judge Judge Ralph J. Smalley for an immediate sentence.

Judge Smalley turned to the prisoner and asked: "Do you know this is a very serious matter. Don't you want to ask for an attorney?"

When Doak asked for a sentence "right away," the court imposed the maximum life imprisonment sentence under the state law enacted after the Lindbergh kidnapping in New Jersey.

Doak and his bride of two days, Constance Ethel Blondell Doak, 18, were captured shortly after they had abducted State Trooper George R. Kell. The bride faces a kidnapping complaint and five other charges. Doak also was charged with six other offenses.

"I am guilty of what I did but my wife is not guilty at any time," Doak told the court prior to sentencing.

"She did not know about anything I was doing. She is entirely innocent. She didn't know what I was when she first met me," he added.

### Bride Still in Jail

Doak's bride, remained in the Somerset county jail and was not present when Doak was sentenced.

Trooper Kell, who later escaped, was forced into Doak's automobile at pistol point last Thursday when he caught the Doaks for speeding after a long chase.

The capture of the Doak couple the same day near Hopewell, scene of the Lindbergh kidnapping, ended what police termed the most intensive New Jersey manhunt since the search for the baby son of Mr. and Mrs. Charles A. Lindbergh 14 years ago.

### Blood Donations Needed

Washington, Aug. 6 (AP)—The army still needs blood donations, the War Department said today, in reporting that gifts have dwindled.

Maj. Gen. Norman T. Kirk, surgeon general, noted there still are about 90,000 patients in army hospitals. He said the American Red Cross is also "apprehensive" over the decline in donations.

Federal Charges Are  
They Keep Rents  
Up to Stymie  
Building

New York, Aug. 6 (AP)—The federal Mortgage Conference of New York, with headquarters at 14 Wall Street, the Savings Banks Trust Company of New York and 37 members of the conference, it sought an injunction against the alleged practices and dissolution of the Mortgage Conference, described as composed of insurance companies, savings banks and commercial banks. The Savings Banks Trust Company of New York is wholly owned by various savings banks.

A special federal grand jury recommended the action after hearing testimony since June 11. The jury, discharged yesterday by Federal Judge Marion S. Boyd in a closed courtroom, recommended:

"It is the sense of this grand jury that the government should file civil proceedings against the Mortgage Conference and all of its affiliates to correct the conditions found to exist by this grand jury."

The complaint charged that the defendants have utilized the Conference to eliminate competition among themselves on mortgage loans of over \$10,000 on properties located in New York city and the metropolitan area; to fix minimum interest rates and amortization terms; to establish standard appraisal procedures and valuations; and to stabilize the real estate market.

### Dulles Suggests America Abandon Far-Flung Bases

Churchmen Also Hear  
Him Recommend  
End of Race on  
Armament

Cambridge, England, Aug. 6 (AP)—Chairman John Foster Dulles told the International Conference on World Order today the United States could help ease world tension by abandoning "the idea of far-flung bases which threaten others."

The churchmen agreed on proposals for a commission to study the church's position in relation to political and social tensions.

Dulles, one of the American delegates to the United Nations Assembly, also counseled an ending of what he called an armaments race between Russia and the west.

"An atomic development authority such as was advocated by the United States is the only practical way to go forward on this," he said.

Another speaker, Dr. Reinhold Niebuhr, of Union Theological Seminary in New York, said the Protestant church "cannot join the Vatican in a holy war on Russia."

The International Conference on World Order agreed today that differences of opinion between Russia and the west underscored a need for a commission to study through the church's position concerning political and social tensions.

Earlier discussions had cast doubt on whether such a commission was needed.

John Foster Dulles of New York, chairman of the conference and one of the American leading delegates to the United Nations Assembly, laid the groundwork for the new debate on what he

### Peker Undertakes to Form New Turkish Government

Ankara, Aug. 6 (AP)—Recep Peker, who fought beside Kemal Ataturk 23 years ago in the successful revolt against the Sultans, undertook today to form a new Turkish government replacing that of Premier Sukru Saracoglu.

Peker, who served briefly as Saracoglu's minister of interior, announced the composition of his new government, possibly next Monday.

Reliable political sources said Peker probably would name new ministers to every one of the 14 cabinet portfolios except foreign affairs as a demonstration that leanings

the new government will stand firm on present Turkish foreign policy. Hassan Saka is the present foreign minister.

Dissatisfaction, climaxed by a short-lived demonstration staged by peasants and workers before the Parliament building last night, became plainly evident in the elections two weeks ago when 62 members of a new Democratic Party of Opposition were chosen deputies for the National Assembly which convened yesterday.

Last night's demonstration—broken up quickly by mounted police—came shortly after the new assembly re-elected President Ismet Inonu to his third four-year term. The 62 Democrats voted solidly against him and sat in stony silence as the 400 other members of the assembly greeted Inonu. This was the first time in history that a Turkish Chief Executive had been thus rebuffed.

Peker, 57 years old, was reportedly chosen by Inonu because of his capabilities as a strong disciplinarian. He served as Saracoglu's interior minister from August 17, 1942, to May 20, and was described as having rightist leanings.

### Could Be Used by City League

Edson Announces 'Deal'  
Granted by Frank B.  
Matthews of Bull  
Markets, Inc.

Would Act at Once

Recreation Leader  
Would Have Property  
Used at Once

Acting Superintendent of Recreation Harry Edson announced today that through the request of Senator Arthur H. Wicks the locally-famous Athletic Field, Cornell street and Smith avenue, soon may become a playground to replace Barnam Park lost recently to industrial interests.

Consent for use of the Athletic Field came from Frank B. Matthews, vice president of Bull Markets, Inc., with the stipulation that it be used as a "free playground and that no business be carried on either by the playground operators or as concessions for profit."

Purchase of the Athletic Field by John W. Matthews, Inc., operators of the Bull Markets, was announced yesterday. The property was transferred by Edward Croken, bail.

Expresses Appreciation  
Superintendent Edson said today, "Senator Wicks has done a fine thing for the youth of this city and we are grateful to Mr. Matthews for the fine spirit of cooperation which he has shown. The full measure of gratitude to these gentlemen will be shown by the youth of the area when they use the property for recreation purposes."

Former City League Lot  
The Athletic Field was used for many years by the Kingston City League for hard baseball and many of the city's outstanding games were played there. It was also the home park for the old Colonials.

Mr. Edson was asked today whether the City League would resume and he said, "That is up to the league. What action President Warren Smith and the teams will take will decide whether the games will be resumed there." City League games at present are played at Kingston Municipal Stadium.

Hopes for Immediate Action  
Mr. Edson said he would request the Board of Public Works to put the Athletic Field in shape as soon as possible for use. If this can be done, he indicated, the field would be used for the remainder of the local playground season and two supervisors would be put in charge. The playground would be open from 9 a. m. to 9 p. m. with recreational equipment installed. Action would be contingent on an agreement between Mr. Matthews and the city, he said.

Baseball faded from the field about a decade ago, when the municipal stadium was designated as the official park for city games. Prior to that crowds filled the lot evenings for twilight ball furnished annually by the City League. It was a popular site, within easy traveling distance for fans, especially those from the section downtown from whence came many of Kingston's best diamond talent.

When it was officially announced that the field would be closed to games, after the opening of the stadium, fans and players alike despaired. It took some time to overcome a decided lull in interest as far as the sport was concerned.

Never Good Season Uptown  
However, the situation ironed itself out when the Recreation committee took the ruins and began presenting name teams up town. But, the City League never enjoyed a good season uptown, it can be said. The stadium is out of the way as far as drawing patronage for twilight ball, those close to the sport say.

If it comes to pass that the City League moves back to the Athletic Field, there'll be crowds every evening that games are played, seems to be the consensus of those active in promoting the circuit years ago.

Home for Old Colonials  
Prior to the time the City League took over the job of furnishing Kingston with baseball, the Old Colonials used the park for their contests, when it was fenced in and a wooden grandstand graced the field.

Many of Kingston's best known ballplayers cavorted on the diamond as a demonstration that leanings

## Collet Scheduled To Assume Key Role at Capital

### Former Reconversion Official Will Work on Stabilization Project

Kansas City, Aug. 6 (AP)—Sources of highest but unquotable authority said today Federal Judge John Caskie Collet, who served briefly as economic stabilizer in President Truman's reconversion staff, would return to Washington to assume a key role in the new economic stabilization office.

It was understood that Collet would take up economic stabilization duties under Reconversion Director John R. Steelman.

These sources said Collet, long-time friend of Mr. Truman, would be "borrowed" from the federal bench just as he was last year when he served five months as stabilization chief.

Collet returned to his western Missouri district bench March 1 after Mr. Truman had "drafted" him for a job as a sort of legal arbiter between O.P.A. Administrator Chester Bowles and Reconversion Director John W. Snyder. In this post, the former court lawyer was called upon to approve O.P.A. price policies.

His duties ended in February with the President's reorganization of government agencies to handle the new wage-price policy. At that time, Collet said he viewed price controls as necessary evils and added that if business and labor cooperated with the government's new plan, it might be possible to remove all controls within a year. The only certain cure for inflation, he said, was all-out production of consumer goods, he said.

A car operated by Fred Bronson, 20, R.D. 1, Saugerties, left the road on a curve on the King's Highway about midnight Monday and after turning over twice struck the chicken coop on the Otto Schwartz property.

The chicken coop was damaged and moved about two feet, Mr. Schwartz complained to State Troopers Duffy and Herron, who made an investigation.

No one was injured and there was no arrest. Bronson told the officers he lost control of the car on the curve.

## Largest Army Plane Crashes Near Oil Tank

Los Angeles, Aug. 6 (AP)—A Douglas C-74 Globemaster, largest plane now used by the army, crashed with an earth-shaking roar within a few hundred feet of a million-barrel oil storage tank yesterday but the four crew members escaped by parachuting.

Pilot Russell K. Thaw, famed racing and test flier, received minor injuries. He told a sheriff's deputy: "My wing fell off." Thaw is the son of Harry K. Thaw, wealthy New York playboy of the early 1900's. The pilot has been a frequent participant in cross-country national air races.

Only last week Douglas announced that the same plane, piloted by Thaw, established what was a world record by lifting 172,000 pounds, more than twice its own weight. The Globemaster has a wingspread of 173 feet, is 124 feet long and its four engines total 12,000 horsepower.

Yesterday's flight was an unsuccessful attempt to continue a series of accelerated dive tests.

## O.P.A. Convictions A Basis for License Loss

New York, Aug. 6 (AP)—The right of License Commissioner Benjamin Fielding to suspend used car dealers' licenses on basis of conviction of O.P.A. ceiling price violations was upheld today by Supreme Court Justice Joseph A. Gavagan.

Ruling upon an action brought by the Sal-Zin Auto Sales, Inc., a Brooklyn used-car dealer, to compel the license commissioner to restore its license, Justice Gavagan said:

"The violations were of such a nature as to affect the integrity of the license privilege granted the petitioner in its conduct with the public."

The court found that a certificate of reasonable doubt obtained by the dealer was not a barrier to the commissioner's action in suspending the license.

around, including some who are still around, and those who have passed on to eternal rest.

Former Sheriff Artie Rice, who died several years ago, made baseball history there so did the late Jack Robins, Windy Palen, Dick Johnson, Joe Brown, Bucky Ashdown, Harold "Johnny" Johnson and others.

Players still around who reminisce now and then about the old days at the Athletic Field are Supreme Court Judge Harry E. Schirick, Matty Deegan, Leo Fitzgerald, former City Judge Bernard A. Culliton, Dick Williams, C. Connors, Kid Moore, Dewey V. Buren, Dutch Glaser, Bill McAuliffe.

Then there are City Leaguers still active on the diamond who like to think of the heydays at the park when the late Ed Banks collected a respectable amount from the fans who tossed nickels, dimes and quarters in a hat. Even during the depression years that it has been experiencing uptown.

## Senator Sent Letter

Action on the use of the Athletic Field came when Senator Wicks wrote to Mr. Matthews July 23 requesting that, if the purchase were effected, the children of the city and baseball players be allowed to use the property. Mr. Matthews delayed answering Senator Wicks' letter until title had been transferred. His reply came immediately after legal proceedings had been completed.

The correspondence on the use of the property follows:

Senator's Request July 23, 1946

Mr. Frank B. Matthews, President, Bull Markets, Inc., Washington avenue, Kingston, N. Y.

Dear Frank:

As you are probably aware, Barrman Park has been acquired for an industrial site and is no longer available as a public playground. This leaves the children in the neighborhood without a place to play.

The only other available location in that area is the athletic field on Cornell street which for many years has been used from time to time for baseball.

The athletic field is now owned by the Estate of S. D. Coykendall but I understand that you have signed a contract for the purchase of the field and expect to take title some time later this week and that you intend eventually to erect a large structure thereon for the occupancy of your bull market.

Knowing of your deep interest in the welfare of the children and youth of this city, it occurred to me that you would be willing to permit the use of the athletic field, under responsible auspices, as a play ground and ball field until such time as you are ready to build, which I understand will be sometime in the future.

On behalf of the children and youth of our city, may I respectfully request that you consent to the use of the property for the purposes herein specified. I am sure that if you grant this request, it will merit the appreciation and gratitude of all those who are interested in the cause of clean, healthful recreation for our city's children and youths.

Sincerely yours,

ARTHUR H. WICKS

Mr. Matthews' Reply

BULL MARKETS, INC., Owners of Great Bull Markets 413 Washington avenue Kingston, N. Y.

August 5, 1946

Hon. Arthur H. Wicks, 243 Clinton avenue, Kingston, N. Y.

Dear Arthur:

Reply to your letter of July 23, 1946 has been delayed pending actual transfer of title to the property at Smith avenue and Cornell street.

This property has been acquired by J. W. Matthews, Inc. for our use and we, at present, hold the property as tenant. We are very happy to permit the use of the field for playground purposes without cost to the parties operating the playground subject to the following provisions:

1. That the playground be operated as a free playground and that no business be carried on either by the playground operators or as concessions for profit.

2. That the operators of the playground provide us with a certificate of insurance, insuring J. W. Matthews, Inc., owner, and Bull Markets, Inc., tenant, against liability for any claims arising from the operation of this property as a playground in an amount not less than \$50,000 for any one claim or less than \$100,000 for claims growing out of any one accident or catastrophe.

3. That this consent does not include certain portions of the property now occupied by the Central Hudson Gas and Electric Corporation and used by them for the storage of poles and that this tenant shall have access to the portion of the property occupied by him.

4. That this consent may be withdrawn at any time without notice.

Sincerely yours,

FRANK B. MATTHEWS, Vice President, Bull Markets, Inc.

## Episcopal-Presbyterian Merger Is Opposed

The Rev. L. Dudley Rapp, pastor of St. Luke's Church, Catskill, in his sermon Sunday morning spoke of the proposed merger of the Episcopal and Presbyterian Churches. He opposed the merger, pointing out the differences between the two denominations, in form of worship, beliefs and organization.

At the close of service and at the Rev. Mr. Rapp's request, members of his congregation signed a petition, asking that no plan be adopted that would "destroy our historic Anglican heritage."

\$225,000,000 Total

The complaint alleges further that in 1945 the total amount of new mortgages placed on multiple dwellings, office buildings, hotels and other commercial and industrial structures in the New York area totaled about \$225,000,000. The members of the Mortgage Conference made approximately 60 percent of such loans.

James C. Wilson, chief of the New York office of the Anti-Trust Division, said: "Our action today follows consideration of the subject matter of the government's complaint by a federal grand jury convened on June 11, this year, and dismissed late Monday afternoon by Federal Judge Boyd. The jury did not return an indictment, but it adopted a resolution recommending a civil suit against the defendants named in our present action."

The complaint charged that the defendants agree:

1. To systematically exchange information and opinions concerning the mortgage suitability of real estate on which loans were sought by a system of reporting and publishing loan commitments.

To stabilize interest rates by fixing minimum terms and rates; To enforce uniform rental policy designed to keep rents up; To prevent new construction in areas where such construction would lessen the income from real estate in which the lending institutions have substantial mortgage interests by concertedly withholding mortgage financing;

To use their control of credit in such a way as to exclude from certain areas certain minority racial and national groups by refusing to place mortgages in such areas.

The suit seeks dissolution of the mortgage conference, and an injunction against the defendants restraining them from engaging in practices listed in the complaint.

## Peace Committee Rejects Proposal

Continued from Page One

Union. At no time have I questioned his motives."

He said he was "surprised" when Molotov injected into the argument over the two-thirds rule remarks concerning Byrnes' approval of the Canadian Prime Minister's proposal.

Molotov had said he was surprised when Byrnes approved the Canadian suggestion because he had made the same proposal and Byrnes had not approved.

Molotov said on July 30 that he suggested to the American delegates that they meet in Moscow. He said the American delegates said there was no need for such meeting. He said yesterday that if I now approve his proposal it made him happy.

"The Soviet delegate knows that is not in accord with the facts."

## Conference Suggested

The secretary of state said Molotov's interpreter called him at 9:30 p. m. July 29, suggesting a conference "to decide who should be chairman of this commission (Rules Committee) which was scheduled to meet at 10 the next morning."

"I sent word that it would be unwise and that that was a question for the commission to decide," Byrnes continued. "I said it would be unwise for the Council of Foreign Ministers to meet for the purposes stated, that it was up to the members of the conference and not the council to decide these questions."

"What he was seeking to do was to have the council meet to dictate to the conference who should head the various commissions."

"Ever since the Potsdam conference we have encountered Soviet attempts to restrict the right to make peace to the smallest number of participants."

"At various times," he continued, "when the Soviet delegate has not had his way, he attempted to impugn his colleagues."

Byrnes said Molotov "lectured the British and American representatives for what he called their inconsistencies in offering amendments to rules agreed to by the Foreign Ministers Council and then turned around and offered an amendment of his own."

On July 4, Mr. Molotov agreed to the sending of invitations to the next day he insisted that the rules must be drawn up first."

Byrnes went on: "For days we argued with him that he had already agreed to send the invitations."

## Reservations Are Read

Byrnes read the reservations he had made at the Council of Foreign Ministers on rules and went on to read from the minutes that both the meeting showing that both the United States and Great Britain insisted that the rules not be binding.

According to the minutes, Byrnes would only agree to discuss rules on the agreement that they would not be binding on the United States delegation to the conference.

After each passage from the minutes, Byrnes commented: "Mr. Molotov heard that."

"These statements, I think I have the right to be surprised at his public opinion judge the record."

After Moshia Pijada of Yugoslavia had taken the floor and urged agreement on a rule requiring a two-thirds vote "if we were to avoid a dictated peace," Molotov asked permission to answer Byrnes.

"They say the Russian delegation has attempted to restrict the conference," Molotov rejoined. "We have attempted to bring more precision to the rules of the conference."

"What does Mr. Byrnes want when he tries to tell us that the frame of this conference is too small? For the second week we speak and speak about procedure without getting down to the conference. We may even need another week."

## Reservations Remembered

Reiterating that the four foreign ministers of Britain, Russia, the United States and France had submitted suggestions for rules for the conference, Molotov said:

"This unity continued until the discussions of this problem here. Then you started to remember the reservations you made before this unity had been reached. The Soviet delegates listen most forwardly to the proposals put forward here by every delegate, whenever present."

Turning to the issue of a free press raised by Byrnes, Molotov complained that the Paris edition of the New York Herald Tribune had "published a criticism of my speech before publication of the speech itself."

"The Herald Tribune's Paris edition had a long conference story which covered Molotov's speech of yesterday, but did not carry the text itself which was not available up to a late hour today. Available Soviet news agency, sent only a condensed stenographer's version of the speech to Moscow. The Herald Tribune carried no editorial comment on the conference."

## Asks 'Honest Press'

Molotov criticized the American Press, saying it was a "trust" and said the British Press resembled it. The Press, he said, "should be not only free, but also projective and honest."

He said he had heard "that there exist in the United States two or three bosses who control the United States press."

"We accept Mr. Byrnes' challenge to publish his speech in the Soviet press," he continued.

Replying to Byrnes' charges of attempted Russian dictation, Molotov said "I wonder what Mr. Byrnes means when he accuses me of being anxious to limit the membership of the peace conference."

He named a number of Latin American countries which had declared war on Italy and said

## Memoriam

In sad and loving memory of our dear son and brother, Ted Sergeant Clarence H. Post, who was killed in the Pacific one year ago today, August 6, 1945. We cannot say, we must not say that he is dead. He is just away. With a cheery smile and a wave of the hand. He has wandered into an unknown land. And left us dreaming how very fair. It needs must be, since he lingers there. We think of him faring on as dear. In the love of There as the love of here. We think of him still as the same and say. He is not dead, he is just away. MOTHER, FATHER, SISTERS AND BROTHERS

## Memoriam

In memory of T/Sgt. Clarence H. Post, who lost his life in the Pacific August 6, 1945. He is gone, but not forgotten. As it dawns another year. In our lonely hours of thinking. Thoughts of him are always near. (Signed) AUNTS AND UNCL

## Weinfeld Assails Dewey, Stichman

### Avoidance, Delay, Sabotage Are His Charge

New York, Aug. 6 (AP)—Former State Housing Commissioner Edward E. Weinfeld said yesterday the housing record of the state administration under Gov. Thomas E. Dewey was one of "avoidance, delay and sabotage."

He declared that Dewey and the present housing commissioner, Herman T. Stichman, were seeking to make political capital of the housing program in this gubernatorial election year, adding that the state administration was taking credit for housing he said had been provided before its time in office.

In the two years following Dewey's inauguration, Weinfeld said, no new housing was undertaken, "although contracts for about \$35,000,000 a year could have been effected."

"His (Dewey's) housing commissioner in several recent publicity efforts boasted that New York state has not talked, it has acted," Weinfeld told newsmen yesterday. "He forgot to add 'prior to January 1, 1943,' when the Dewey administration took office."

Weinfeld asserted that much of the housing program mentioned by administration officials was begun under the administration of former Gov. Herbert Lehman, under whom Weinfeld served. He said the Lehman administration had appropriated \$98,906,900, the maximum amount possible under laws, for ten projects in New York city.

Of these, he continued, the Dewey administration has completed only one, the Fort Greene development in Brooklyn.

Regarding Stichman, Weinfeld said the housing commissioner had perpetrated "a cruel hoax and distortion of fact" in a radio address last month, during which Weinfeld quoted Stichman as saying New York city would get a new \$25,000,000 housing loan.

This sum, Weinfeld said, must be used on "existing planned projects to meet the increased costs of their construction" and could not be used for new developments.

Stichman was not available for comment. In Albany, James C. Hagerty, Dewey's executive assistant, said only "that's a subject for Mr. Stichman" when advised of Weinfeld's statement.

### Spaulding Promises C.I.O. Head He'll Act

Albany, N. Y., Aug. 6 (AP)—Dr. Francis T. Spaulding, state commissioner of education, says he is "making every effort to deal" with what State C.I.O. President Louis Hollander terms "the gravest educational crisis that this state has ever known."

Dr. Spaulding replied yesterday in a letter to Hollander after the latter had asserted that Governor Dewey was using "tactics of evasion" in educational matters.

Hollander said New York was spending relatively less for support of higher education than any other state.

"I appreciate the seriousness of the situation to which you refer. I can assure you that I am making every effort to deal with that situation as promptly and effectively as possible," Spaulding wrote.

The governor's office said Dewey had no comment.

## la Terbush, Ellenville, Married at Candlelight Ceremony in Saugerties

Miss la Jean Terbush, daughter of Mrs. Ralph Phipps of Ellenville, became the bride of Robert Otis Hughton, son of Otis Hughton, Claryville, Saturday at 8 p. m. in a candlelight ceremony at the First Congregational Church, Saugerties. The Rev. James H. Russell performed the double ring ceremony.

The church was decorated with white gladioli and summer flowers and candles. Mrs. Percy Dederick played traditional wedding music.

Mr. Phipps gave the bride in marriage. She wore a white mouseline de soie street length dress designed with fitted bodice, full length sleeves. Her shoulder length veil was caught to a tiara of white roses and she carried an old fashioned bouquet of roses. Mrs. Robert Cole of Liberty as maid of honor wore a blue mouseline de soie dress with matching veil and carried yellow roses. The bride's mother wore a gray ensemble with black accessories and a corsage of pink roses.

Mr. Cole was best man. Ushers were Nelson and Carl Terbush, brothers of the bride.

A reception for 22 relatives and friends was held at Schoenag's Hotel. Afterward Mr. and Mrs. Hughton left for a wedding trip through the New England states. They will reside in Curry.

Mr. Hughton served more than three years as staff sergeant in the 77th Division including the battles of Guam, Leyte, Keruma Retto, Ie Shima and Okinawa.

## Engaged To Wed

Mr. and Mrs. Peter Karasov of Stony Hollow entertained at a party Saturday evening when the engagement was announced for their daughter, Miss Florence Mary Karasov, to Raymond E. Pombrant of North Attleboro, Mass. No date has been set for the wedding.

**GOING OVER SCORE.** Tenor William Horne, (left) selected by Serge Koussevitzky (center) to sing the title role in the American premiere of the English opera, "Peter Grimes," at the Berkshire festival, Tanglewood, Mass., tonight, Wednesday and Friday evening, goes over the score with Dr. Koussevitzky and Leonard Bernstein, conductor of the premiere performance. Benjamin Britten wrote the opera within the last two years and it has been presented in London, as well as in German at Basel and Zurich, in Flemish at Antwerp and in Swedish at Stockholm. Mr. Britten will assist in the production. The story is based on the poem, "The Borough" by an English clergyman-poet, George Crabbe (1754-1832).

## Cood Taste Today

(Author of "Etiquette," "Children Are People," etc.)

### TRAINING IN TABLE MANNERS

A letter says: "I have just taken an eight-year-old girl to give her schooling and a home. The child has had absolutely no training in table manners. I dislike very much to keep nagging at her constantly through every meal, because it spoils my meal as well as the child's. But it is worse to let her go on in her own way. Can you suggest a way of solving my problem?"

The best advice I know is printed in one of my books. The general idea is one of allowance earned, rather than allowance given. Perfect behavior at one meal counts five points: Two points for chewing with lips closed and not speaking with mouth full, two points for making no spots, one point for reasonably good general conduct. You must make the child understand that this money is earned for something hard to do. At the end of each week a total of so many credit points is paid her in pennies.

### When Invitation Is Not An Invitation

Dear Mrs. Post: Friends of ours whose son was bringing his bride home for a visit told us they were having open house for them, but said not a word to us about our coming. We have been criticized for not going to this party and it has been explained that being told about open house was intended as an invitation. Is such a thing true? They did not even explain that people of all ages were expected. If they had, we might have asked, "Does that mean us?"

Answer: In my opinion you were right, unless it is an accepted custom in your community to call open house a general invitation to everyone. But in the conversation as you repeat it, I cannot see how you were supposed to imagine yourself invited to the party.

### When Junior Is Called '3rd'

Dear Mrs. Post: Is it correct to name a child John 3rd if the grandfather has died before the child was born?

Answer: Under ordinary circumstances, it is not correct, but if it is necessary that the father of the child continue to call himself "junior"—which he should not do unless there is an unavoidable situation which makes it necessary—then you would be obliged to call the child the "3rd."

## Troth Is Announced For Florence Reiter, Fashion Show Model

## Godfrey Is Sure Little Miss 1565 Isn't One Sought

Hartford, Conn., Aug. 6 (AP)—Police Chief Michael D. Godfrey said following a conference with department identification experts today that he was satisfied that the belief of a Michigan woman that "Little Miss 1565," unidentified victim of the circus fire here two years ago, is her granddaughter, "is wrong."

The child was one of six persons who died in the tragic fire July 1944 and never were identified. Because her face was unmarked, there has been considerable mystery why her body was not claimed after nation-wide circulation of her picture.

Mrs. Gertrude Landers of Wyandotte, Mich., in a statement to the Detroit Times late last week said she was certain the child was her granddaughter, missing with her mother since 1942, a year before the fire.

Following today's conference with police department identification experts, Chief Godfrey said police believe Mrs. Landers' identification is "wrong" and that the real mystery was the result of mistaken identification by some Connecticut parent.

"All the people reported missing," Godfrey continued, "were from central Connecticut but two, and these had reason to be here at the time of the fire."

"We are not going to take any action in the claim from Detroit," the police chief asserted. "We deeply sympathize with the Michigan woman whose grandchild is missing. But we are convinced she is wrong in her identification of the little girl in our cemetery whom America has come to love."

offspring," Judge Gordon remarked.

Payments to the mothers are made through the Bureau of Aid to Dependent Children from funds supplied by city, state and county taxes set aside for this purpose. Fedeli Fauri, state head of the bureau, said today that he was not aware of any increase in the number of fraud cases.

Mrs. Helen Bryant, assistant prosecutor assigned to juvenile cases, agreed that there were cases of the kind cited by Judge Gordon, but declared she had not noticed any appreciable increase in their number.

"We are not receiving any greater number of complaints or recommending an increased number of warrants," she said.

## Retailer Hopes Prices May Bring Shorts and Shirts

Washington, Aug. 6 (AP)—A spokesman for retail clothing merchants said wistfully today that higher textile prices may put \$2.25 shirts and 79-cent shorts back on store shelves.

"That's our hope," said Louis Rothschild, executive director of the National Association of Retail Clothiers.

He told a reporter that the average 16 per cent. increase in cotton textile ceilings put into effect by O.P.A. yesterday "undoubtedly will encourage greater production" of cotton apparel.

"Manufacturers will have an incentive to produce shirts to retail at \$2.25 and shorts at 79 cents," Rothschild said. "We haven't had any of those in a long time."

Up to now, Rothschild added, manufacturers have not been able to make a profit on these lower-priced items.

He said they should begin to re-appear in stores in about 30 days.

O.P.A. said the 16 per cent. textile increase will boost cotton clothing prices six to eight per cent. and jump the cost of household linens about 17 per cent.

Rothschild, however, expressed belief the O.P.A. clothing price estimate is "on the conservative side."

While O.P.A. was boosting textile prices to meet requirements of the new price control law, the agency's consumer advisory committee called for caution in lifting ceilings from basic commodities. Especially food.

The committee urged government agencies, including the new Price Decree Board, to take a "strong stand" against "premature" elimination of controls.

## HOME BUREAU

### Thirty-Three Premiums

In addition to the seventy-five canning premiums published earlier in the summer, the Homemaking Department will give away 33 premiums for home goods at the Ulster County Fair August 7-11.

A first prize of \$1.50, a second prize of \$1 and a third prize of 75 cents will be given for each of the following 11 classes:

Plain cake made with sugar substitute (all sugar omitted); iced cake—both cake and icing to be made with sugar substitute; molasses cake (all molasses, no sugar to be used); cookies made with honey; cookies made with molasses; cookies made with any other substitute; apple pie, two crusts; one crust pie other than apple, such as berry, rhubarb, etc. (Pies may be sweetened with sugar or sugar substitute); yeast bread, either whole wheat, rye or white; yeast rolls, either whole wheat or white; oatmeal bread. In addition, a first prize of \$2, a second prize of \$1, and a third prize of 75 cents will be given for a sugarless dessert of any type. No sugar may be used but any sugar substitute is acceptable.

As a sugar substitute is required in all food classes, no good cook will be prevented from exhibiting because of a low stock of sugar. The food situation being what it is, it is expected that the canning exhibits of sugarless desserts and oatmeal bread will be of considerable spectator interest.

Complete Information For complete information regarding the canning exhibits as well as all other exhibits of the Homemaking Department, send to the Home Bureau office, 280 Wall street, Kingston, for the premium list. Send entry blanks and an entry fee of ten percent of the first premium to this office on or before noon, August 17. Prints for the photography exhibit must be in no later than August 15.

various committees will unite to form one general organization. It is hoped to have this organization in shape to begin work on the housing shortage by September 1.

Commandant Mayone said this morning: "We hope to lay the groundwork for action by securing available facts and figures from cities where this work already has been taken on among them: Newburgh, Beacon and Troy."

"Our aim," he added, "is not to condemn anyone, or any organization, for inactivity, but to do something that will aid in solving the housing problem."

Any person, veteran or otherwise, who is interested and who would like to assist, is asked to contact Commandant Mayone.

Exploration for oil is underway in the Bahamas, although none has yet been found.

## Caraway Identified As Man Who Hit Woman in Jersey

street, Elmhurst, Queens, and Harry Marmorstein, of Brooklyn, partners in the H. & M. Agency, to appear at a hearing Wednesday morning in his office. The commissioner said that if the hearing tomorrow shows illegal practices in the operation of the agency, its license could be revoked for three years.

The license commissioner's action followed a preliminary hearing Monday during which he questioned Morris and Marmorstein.

"Caraway appeared at the agency with his wife on July 3 and gave his address in New York as 203 West 121st street."

Fielding said, "they were interviewed at the agency and hired to work as butler-chauffeur and cook for Joseph M. Rose of Greenbair Lane, Flower Hill, for \$300 a month."

The agency accepted Mr. Rose's check for \$30 for "diligent inquiry" into the references of the Caraways. In addition, Caraway paid the agency \$10 in cash and still owes them money. The couple went to work the next day, July 4, in the Rose home.

Fielding said he had telegraphed the adjutant general of the Army in Washington for Caraway's Army service record and that he also had sent another inquiry to J. Edgar Hoover, director of the Federal Bureau of Investigation.

The license commissioner also began an investigation into the business methods of almost 240 domestic employment agencies under his supervision and summoned representatives of their business associations to a meeting in his office this afternoon. He said the immediate object was to make sure that employment agencies

performed actual and accurate checking on persons recommended as domestic servants.

## Tribute Is Paid

Hiroshima, Aug. 6 (AP)—The people of this city stood silent for one minute today in memory of their friends who were killed a year ago by the first atomic bomb loosed on Japan. Hiroshima residents observed the day otherwise at their usual tasks, including rebuilding of structures which were burned, destroyed or twisted by the bomb.

## Prices Are Under O.P.A.

New York, Aug. 6 (AP)—James L. Meader, regional O.P.A. administrator, advised New York city restaurants yesterday their prices remained under O.P.A. control despite decontrol of meat, dairy products and other foods. Restaurants may charge a different price for a dish than was obtained June 30 if the item contains more than 20 per cent of decontrolled foods, Meader said, but he explained that proprietors must compute and file increased menu prices according to O.P.A. regulations.

# Recreations Have Lost \$589.60 in Baseballs Alone This Year

## Sum Represents Loss of Nearly 400 Horsehides

### Rec Committee Announces Hike in Prices for Children's Tickets at Future Games

The Kingston Recreation baseball club has suffered a loss of \$589.60 in baseballs alone, Harry Edson, superintendent of the recreation department, told a Recreation committee meeting Monday afternoon. The sum of \$589.60 represents the loss of 354 scarce horsehides during the 18 games played.

In making this startling announcement, Mr. Edson's figures show that an average of 19 balls have been lost each game and for this one deficit alone, the Recreation baseball club suffers a setback of approximately \$32.75 for each arclight contest at municipal stadium.

In an effort to halt the high loss of the baseballs, Recreation officials have decided on two courses of action which will be carried out at future ball games. The first change has been the hiking of children's tickets at the games. Up until and including Saturday's night games at the uptown park, the price of admission for children was 30 cents. However, due to this development of the exact loss in baseballs, a condition which is largely attributed to younger baseball fans, the new price scale has been hiked to 35 cents for children 16 and under. This also will be the price for women.

The other new policy adopted by Rec officials also pertains to the younger ball fan. In future games no children will be allowed to sit in the far bleacher in left field. This particular part of the ball field has been a rendezvous for horsehide seekers and the ruling to keep young children out of that last bleacher section has been forced upon the local ball club.

Although the Rec officials realize that a ball is a cherished prize, they see no other way possible, if the local games are to continue. "Last week alone," Mr. Edson said, "in the game against Anna, we lost 40 baseballs which was a real setback of exactly \$66.60 to the Recreation baseball team."

### 40 Is Top Loss

Incidentally, the loss of 40 baseballs during the Anna contest was the top figure so far this year; of the 18 games to date only four have been played with the baseball loss ranging under 10. In three of those four tilts, six balls were lost while in the fourth game was no figure. Even at the loss figure of six, however, the loss means \$180 more out of the Recreation payroll.

Although the post-war era was expected to attract extra box office patrons at the Recreation games, this year the attendance figures to date in the 18 games played total only 27,321, or an average of 1,518.

### No Wednesday Games

After a number of serious setbacks on the Wednesday night games, Rec officials dropped the mid-week attraction. Last week, however, a game was played due to the fact that no boxing show was arranged. In the interview Monday, Mr. Edson was strongly in favor of calling off all Wednesday games in the future and just to bring along with the Saturday night games. "If we do this," Harry added, "we should be able to get about fairly well. But Wednesday night games in my opinion are out," he emphatically said.

### Four Players Released

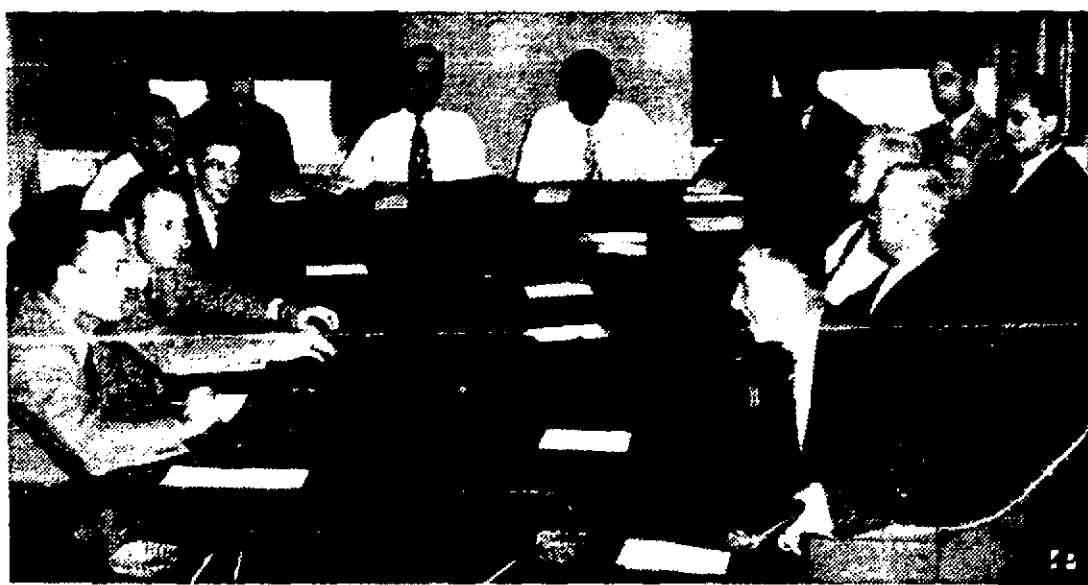

The second drastic measure to help the club along came several days ago when four Rec players were released. This was done to cut down the payroll. Those four players were Joe Job, Johnny Nodman, George Nicholas and Ted Savieka.

It may be added that everything is being done to continue with Saturday baseball at the uptown ball ground at least once a week. The above measures have been taken to prevent baseball here as long as possible, Mr. Edson said. "I hope the Rec club realize that it isn't a big league franchise and the fans who attend the games will also face the possibility of the discontinuing all games here."

Before the Monday interview ended Mr. Edson also made one other statement which reflects on the loss of baseballs so far this year. He remarked, "The Recreation committee was seriously considering eliminating children's tickets to all games. But when the Recreation committee learned of the loss of baseballs, they decided to hike the price of admission for children."

Mr. Edson also gives the Recreation committee the credit for the hike in children's tickets. The committee, he said, was the one that decided to hike the price of admission for children.

## Recs Play Puerto Ricans Saturday at City Stadium

### Islanders Have One of Best Hustling Clubs in Recent Years, Is Report

The colorful Puerto Ricans, one of the top road attractions in baseball today, have been booked by the Kingston Recreation for the regular Saturday night attraction at municipal stadium.

### No Game Wednesday

The local semi-pro ball club will be idle Wednesday night, since no arclight game has been scheduled for the uptown ball ground.

With successive victories over the New York Firemen and the Arma club of Long Island, the charges of Manager Joe Hoffman are looking forward to making it three in a row in this week-end after-dark clash at the stadium. Advanced reports on the Puerto Rican team claim that the Islanders have one of the best hustling teams in recent years this season. The Ricans are members of the Puerto Rican Winter League and have been playing stateside ball since early in April.

Pedro Diaz, hard-hitting pitcher, who is also capable of taking the starting burden for the Islanders Saturday. Other pitchers on the roster include Hernandez, Santella, Saliva, Pullia and Savallier. Outside of Diaz, Hernandez and Santella are the most respected.

The Cubans will field a club looking something like this Saturday: Alfonso, first; Pee-Wee, second; Poloma, third; Santiago, shortstop; Arroyo, left; Polany, center and Bonza in right. Lewie is expected to do the catching for Diaz.

In the two recent contests the local club has made notable improvements not only in the pitching and hitting column but in the error column as well. The Islanders played errorless ball in both of the last pair of tilts and this, above everything else, has been a tremendous lift to the club. The last Rec misdeed was charged against Billy Ostrom in the Albany Senator clash.

### Fitzgerald May Hurt

Although Manager Hoffman hasn't selected his starting moundman as yet he is expected to nominate Dick Fitzgerald who will be seeking his eighth win of the year as against three setbacks. In his last two outings the former Fordham athlete has spun two neat pitching jobs giving up only 11 hits in both. Fitzgerald does start again, Ostrom will be in the outer pastures with Steve Ristau and Frankie Bandura. The rest of the Rec lineup is expected to remain intact with Joe Wahl, Johnny Gendile, George Pederson and Bill

## Better Golf By SAM SNEAD

2. When the downswing has been half completed, the left shoulder starts rising, as pictured, and at the same time, a sort of up-thrust of the left hip also takes place, providing the leverage or foundation for the swing. The left shoulder up-thrust permits the right shoulder to pass down and under so that the hip and shoulder pivot, the downswing of the arms and the wrist throw, all blend into a single flow at impact. Of course, if you maintain the two anchors of your swing, you need not move your foot at all—you naturally tend to use this hip and shoulder upthrust without any conscious effort. A good swing forces you to do it. But the value of your focusing your attention on the point is that you are more likely to carry it out completely and thus better your swing. If your head is held immovably, then it follows as you see in the picture, that you will look after the ball in flight by turning your head under and after the ball and this is correct. You must fight the tendency to straighten your head up vertically at impact. Instead, look at the ball in flight with the head still in the rather horizontal address position. You shouldn't resume the perpendicular standing position till the follow-through is fully completed and the hands are freed high.

## Major Leagues Are Agreed on Points On New Contract

### Alterations Management Asked Will Cost Them More in '47; Secret Until 27th

New York, Aug. 6 (P)—Baseball is one happy family today with the major leagues' policy committee reporting "agreement in principle" between players and owners on proposed contract reforms.

Not that any disagreement had been expected. It was pretty much of a cut and dried proposition that the players would get substantially what they wanted. After all, the owners asked them to state their case and they couldn't very well turn a cold shoulder on their demands.

The diamond social revolution, mild in form, will cost the magnates more money in 1947.

Because the owners believed it would be better to keep secret the exact details of their agreements until the August 27 meetings in Chicago, the exact minimum wage is not known.

The players will also get an allotment to cover incidental expenses during spring training.

A pension plan is another definite development although its nature will depend on the reports of actuaries who may require several months for an investigation.

Of more than passing interest was MacPhail's word that there was no move to discard the reserve clause of the contract by which the players are bound to the same club year after year. The New York Yankee president said the players told him less than 1 percent of their group was in favor of such a radical move.

### Priscilla Defeats Jackie

Cedarhurst, N. Y., Aug. 6 (P)—Priscilla Watts of Maplewood, recently crowned New York state tennis queen, defeated Jackie White of Jersey City, 6-1, 1-6, 6-4, as the eastern girls grass courts tennis championships got under way at the Rockaway Hunting Club yesterday. Barbara McLaren of Princeton bowed to second-seeded Barbara Wilkins of New Rochelle, N. Y., 6-3, 6-3.

## Saratoga Inaugural Sets Peak for First; Flash Stakes Today

### Pavot Winner in \$24,750 Wilson Mile by Head; Eternal War Has Topweight

Saratoga Springs, N. Y., Aug. 6 (P)—The 72nd running of the \$10,000 Flash Stakes headlines today's program at Saratoga, where thoroughbred racing was resumed yesterday after a four-year lapse with a record turnout for an opening day.

Walter M. Jeffords' Pavot took the inaugural feature, the \$24,750 Wilson Mile, scoring by a head in a five-way blanket finish.

A field of 13 has been named for today's test, a five and a half furlong dash for juvenies, won last year by Assault.

Allen T. Simmons' Eternal War heads the list, top weighted at 123 pounds including jockey Eric Guerin. Other probable starters include Eternal War's stablemate, Gold Bull, at 113 pounds, Colin MacLeod's Useless, 116; Rock Hill Farm's Shaffie, 116; Mrs. John Hertz' Owners Choice, Glen Riddle Farm's War Chance, Joseph M. Roebeling's Marble Arch, William Helis' Jobstown, Mrs. C. Oliver Iselin's Nassau, Brookmeade Stable's Liberty Road, W. M. Jeffords' Uncle Remus and Greentree Stable's Gestapo, all at 113; and George D. Widener's High Trend, 108.

A crowd of 15,158 attended the opening yesterday, almost double the previous inaugural record of 7,743 in 1940, the first year with mutual betting. The day's betting handle was \$750,806, compared to the previous record for an opening day of \$262,326, set in 1940.

Pavot, sharing topweight of 126 pounds with Lucky Draw, came within two-fifths of a second of the mile as he completed the distance in 1:36 3/5 and rewarded backers at the rate of \$19.40 for \$2.

Ridden by Arnold Kirland, the juvenile king of 1944 came from fourth place and staved off a closing rally by W. L. Brann's crack filly, Gallorette, who finished second in the field of 11 veterans.

Harry La Montagne's Lark Day, Mrs. P. A. B. Widener's favored Polynesian and Mrs. Ethel D. Jacobs' Styline finished in that order behind Gallorette, only heads apart.

J. B. Theall's King Dorsett set the pace into the stretch under Eric Guerin, although one of his reins broke at the end of the first quarter-mile, and he wound up last.

Polynesian faltered at the same time as King Dorsett and Pavot.

## Chandler Must Decide Whether His 5-Year Ruling Will Be Set Aside

Boston, Aug. 6 (P)—Mickey Owen, who left a first string catching job with the Brooklyn Dodgers last April to play in the Mexican League, was reported back in the United States—if organized baseball will have him.

Branch Rickey, Dodger president who said his information came from a mutual friend, disclosed that Owen had deserted the Vera Cruz Club in the Mexican circuit, had arrived in Brownsville, Tex., and would seek reinstatement in the National League.

Owen himself could not be found up to an early hour today, but it was learned here that the catcher was en route to his home at Springfield, Mo., and planned to appear personally before Commissioner A. B. "Happy" Chandler to ask his reinstatement.

Chandler, informed of the report at his Versailles, Ky., home said he had "no comment."

Rickey said he "would intercede with Commissioner Chandler in Owen's behalf."

"My friendship for Owen goes back nine years," the Dodger chieftain pointed out. "If there is anything I can do, I'll be glad to do it."

Asked if he would take Mickey back into the Dodger fold, Rickey answered:

"That's something I can't discuss now. It's up to Commissioner Chandler to rule on his case first."

Chandler, at the time Jorge Pasquel and his four brothers were recruiting U. S. players for their Mexican League, stated that players who jumped south of the border could not be reinstated for five years.

Manager Leo Durocher, as surprised as anyone over the latest development, was asked if he would like to get Owen back. Said Leo:

"Personally, and as a player, I would be glad to see him with the Dodgers again. But it's up to Mr. Rickey and Commissioner Chandler."

At Mexico City yesterday Gerardo Pasquel expressed "complete surprise" at the report that he had jumped back to the United States.

Luis Olmo, formerly with the Dodgers and Danny Gardella, ex-New York Giant player, who have been Ostracized because of Vera Cruz, said he was not at his apartment when they stopped by to pick him up.

## Cobleskill Horse Favorite Tonight At Saratoga Track

Saratoga Raceway—Harry Bushway's W. J. Abbe from Cobleskill is figured to be the one to beat in the Greenwich Pace, a \$1,400 mile dash this evening at the Raceway with the main competition expected to come from Dale Henley and Ann Majesty.

Ann Majesty is the beautiful gray mare who has shown a world of speed here but has been no better than second and has been rested up for tonight's feature.

Ellis Gilmour's Little Eve from Saratoga shapes up favorably as the victor in the \$500 seventh race for a mile for trotters and Fred Freeman's New Song from Albany may grab the place.

moved up to third on the last bend. He took the lead in the last furlong and withstood Gallorette's challenge as Lark Day spurred from fifth place to take third.

# Emberson and Marlo Are Added to Thursday's Fistic Bill

**Ticket Sales for Outdoor Bill Reported Heavy; More New Englanders Are on Card**

The complete boxing card for Thursday night, on which Jimmy Braddock, former world's heavy-weight champion will referee, was announced today by Dr. Saul Goldfarb, chairman of the B'nai B'rith committee which sponsors the fistic attractions at the municipal stadium.

Dr. Goldfarb said that ticket sales have been heavy since the first announcement that Braddock would be one of the officials on the ring show featuring Tony Burrono, Schenectady welterweight sensation in a five round bout with Clarence Alleyne, New Yorker, who won the national Golden Gloves title this year.

The supporting matches:

**Five Rounders**

Phil Mayes, 136, Boston vs. Joe Marlo, former Diamond Belt champion, Albany.

Vince Deltrecco, 126, Boston vs. Harold Viscidoli, New York city.

Tommy McGee, 118, Boston vs. Eddie Flagg, Albany.

**Three Rounders**

Dick Kupick, 135, Newburgh vs. Vince Rotunno, Albany.

Willie Smith, 130, Poughkeepsie vs. Dick Hermda, Schenectady.

Barney Emberson, 120, Kingston vs. Ike Williams, Albany.

Bill Singer, co-director of bouts with Ben M. Becker of Albany, said he expects that Thursday's show will turn out to be one of the best presented by B'nai B'rith so far.

Burrono, with decisions over Jim Maclo and Columbus Lowman, both of whom fought sensational fights in Kingston, is regarded as the best welter in the Adirondack Division of the A.A.U.

Alleyne, his opponent, defeated Matt Baransky in his first appearance here, and later lost an unpopular decision to Jimmy Marlo. The fans like his style.

Tommy McGee and Vince Deltrecco, the Boston boys on the card, are among the best in New England. McGee holds the bantamweight championship of his district. He has won nine straight decisions since returning from the South Pacific. Deltrecco, according to reports, is one of the most aggressive scrappers around "Bean Town" and a good puncher.

## Marine Corps League Makes \$253.50 on Sunday Game Here

### Walker's Rampage Gives Him Lead in National League

New York, Aug. 6 (AP)—Dixie Walker, Brooklyn Dodger outfielder went on a batting rampage during the past week that enabled him to resume the individual batting leadership of the National League while Washington's Mickey Vernon retained first place in the American League's hit derby for the third straight week with a .357 mark.

The popular ballhawk of the Dodgers slammed out 12 hits in 22 appearances at the plate including games of Sunday to boost his average from .367 to .378 while Boston's Johnny Hopp, last week's pace-setter, collected only three bingles in 18 attempts and fell to second with .368.

Vernon amassed 13 safeties in 36 times to the plate while runner-up Ted Williams of the Boston Red Sox connected safely four times in 16 appearances at the dish to fall from .355 to .351.

Stan Musial of the St. Louis Cardinals held on to third place in the senior circuit although he slumped from .362 to .356. Johnny Pesky of Boston vaulted from fifth to third in the Harbinger loop as he increased his mark four points to .327.

Following Musial in the National's first ten are Johnny Mize, New York, .339; Phil Cavarretta, Chicago, .310; Ed Stanky, Brooklyn, .308; Tommy Holmes, Boston, .303; Billy Herman, Boston, and Frank McCormick, Philadelphia, .302 and Sid Gordon, New York, .299.

George Kell of Detroit hopped from eighth to fourth place in the American circuit, adding 16 markers for a .323 average. Kell was followed by Hank Edwards, Cleveland, .318; Luke Appling, Chicago and Dom Maglie, Boston, .316; Johnny Berardino and Vern Stephens, St. Louis, .307 and Bobby Doerr, Boston, .306.

**Eight Hold Franchises**

Scranton, Pa., Aug. 6 (AP)—Eight teams, seven from Pennsylvania and one from New York, hold franchises today in the Eastern Professional Basketball League. They are Binghamton, N. Y., and Wilkes-Barre, Scranton, Allentown, Hazleton, Carbondale, Reading and Lancaster. Pa. Utica, N. Y., withdrew its application because of travel difficulties.

**Hares Short Swimmers**

Ordinary rabbits and hares swim naturally when thrown into water, but since their fur and skin are not impervious to water, they gradually drown as they swim.

West Hartford, Conn., Aug. 6 (AP)—Striking employees of the Pratt & Whitney Division, Miles-Bement-Pond Corporation, away from their jobs since March 15, will vote early tomorrow morning on a proposal to return to work.

**Ships Called 'She'**

The origin of how a ship came to be called "she" can probably be traced back to the Greek mariners who gave their ships feminine names.

**Lamp Black Production**

About 14,000,000 pounds of lamp black, used chiefly as paint, lacquer and ink pigment, are produced annually in the United States.

**HER 20th Anniversary**

New York, Aug. 6 (AP)—Twenty years ago today Gertrude Ederle, then a girl of 19, won fame as the first woman to swim the English Channel. Miss Ederle now lives at Flushing, Long Island, and works as an instrument technician for the American Overseas Airlines.

**Most Expensive Trophy**

Besides the \$10,000 jackpot, the world's champion will receive what May calls "the most expensive trophy." It will weigh 100 pounds, will be 36 inches high and is to be made of sterling silver.

**May, wearing yellow-rimmed spectacles and one of his 65 loud silk sport shirts, flew here from Chicago yesterday with Mangrum to help his Tam O'Shanter pro complete arrangements with Barron for a tour of eastern courses.**

**Barron, currently golf's second biggest money winner of the year with \$21,400 to his credit—Ben Hogan has earned approximately \$27,000—and Byron Nelson about \$20,000—said he and Mangrum would open their tour on Sunday at the Fenway Golf Club here, where Barron is the home pro.**

**Barron, a pro around swanky Westchester county courses since he was 15, said he and Mangrum would divide \$1,500 for Saturday, Sunday and holiday exhibitions and \$1,000 for weekday appearances.**

**The popular 36-year-old golfer who lost the U. S. Open by a stroke said he and Mangrum would limit their exhibitions to five a week.**

**Three Are Big Candidates**

Duluth, Minn., Aug. 6 (AP)—The 44th Western Amateur Golf Tournament went into its second day of qualifying today with the field paced by a trio of 68's fired in the opening round yesterday. George Victor of Chicago, Frank Stranahan of Toledo, Ohio, and Wilford Wehrle of Racine, Wis., were the prime candidates because of their low-under par 68's.

**Frank Ebelweiser and Leo Bochtold paced the Loughran Park team with three hits apiece. Maines and Bill Glaser worked all the way for the winners while Dick Scherer and Hoffman divided the mound chores for Block. Primo and Higgins split the catching duties.**

## Horses Rate Second In Goshen's 'Breeze'

Goshen, N. Y., Aug. 6 (AP)—When the boys sit down to chin over this 21st Hambletonian most of the talk centers on four men, and the horses come second in the chatter.

While the horses in the expected field of between 12 and 20 are only three years old a-piece, these four gentlemen are old timers. They are Tom Berry, Sep Palin, Harry Powell and Ben White.

Each has driven at least one H. H. H. winner down through the years since trotters had their first world series back in 1926. White, the 73 year old dean of the sulky riders, has steered four steppers home first in this classic.

Every one of the four likely will be sitting in a sulky behind one of the favorites before an expected crowd of 25,000 to 30,000 tomorrow in a Hambletonian that promises to have a \$28,000 pay check for the winner.

## Clintons Register 9-3 Victory Over Centrals in Loop

Art Barnes cemented the Gov. Clinton Market team into fourth place Monday night at municipal stadium when he hurled Manager Tommy Maines' club to a four-hit, 9 to 3 victory over the New York Centrals. Jones Dairy, Grunewalds and Morgans are all tied for the first place spot in the City Baseball League.

**Tonight's Contest**

The Grunewald Bakers will be out to preserve their high spot in the league standings tonight by meeting the Jayrich nine. Tommy Fisher, ace twirler of the Bakers, is expected to get the nod to start tonight.

While Barnes was turning in another commendable job for the marketmen, the Clintons unloaded their artillery pieces on Walt Brown and proceeded to crack out 10 hits. Barnes had a shutout going into the seventh and final frame and a two-hitter to boot. A brief lack of control, however, allowed the lowly Centrals to shove over a trio of runners.

Barnes and Brown were locked in a scoreless pitching-duel the first two innings but in the third the Clintons went to work on the Central hurler and tagged him for two runs on singles by Sonny Barnes and Jimmy Secreto and a big double off the bat of Mac Tiano.

The Clintons added two more in the fourth and three more in the fifth which put the finisher on the Centrals. Just for insurance Manager Maines' crew pushed over another pair of markers in the bottom half of the sixth to take a comfortable 9 to 0 margin.

## The World Today

By DEWITT MACKENZIE

A.P. Foreign Affairs Analyst

Greene's bitter effort in the United Nations Membership Committee to keep Albania from joining the world organization is the reflection of a mighty dangerous situation in the Balkans. Vassili Dendramis, a Greek representative to the U. N., charges that Albania is "not a peace-loving state" as required for admission, and accuses her of staging 21 incidents on the Greek-Albanian frontier. The two countries, he maintains, have been at war since 1940.

On the other hand Dr. Ali Kuci, resistance leader in Albania's wartime underground, denies these allegations and says the Greeks are "waging a war of nerves" in efforts to get Northern Epirus from Albania. He asserts Greece has provoked such border clashes as occurred.

This imbroglio between Greece and Albania, however, is of small importance in itself. What matters is that the Gods of War, who through the centuries have favored the fiery Balkans as a center of operations, are playing a game in which these two small states are chessmen. In the background are two major world powers—Russia and Britain—which are eyeing each other closely, for the Soviet regards the Balkans as its zone of influence, and England is maintaining its domination of Greece as a vital politico-military base—the last rightist beachhead on the Balkan peninsula.

The situation is intricate, as befits the Balkans. Albania is to all intents an appendage of Yugoslavia which is ruled by Marshal Tito. The marshal backs in the favor of Moscow and the signs are that upon his shoulders rests the task of safeguarding Red interests in Greece.

Has Large Force

Yugoslavia has a large military force along the Greek frontier. So

## Strike May Cause Loss of Valuable Crop of Tomatoes

Camden, N. J., Aug. 6 (AP)—A \$4,900,000 crop of tomatoes, some 140,000 tons now maturing on vines of 3,000 growers in Pennsylvania and New Jersey, may be lost if Campbell Soup Company plants are closed by a strike, a company official insists.

E. W. Montell, manager of the company's agricultural department asserted yesterday that "it is not possible for other processors to handle the crop of the tomato crop intended for Campbell's because there simply is not sufficient processing capacity available in other plants."

A strike has been threatened by Locals 80 and 194 of the Food, Tobacco and Agricultural Workers Union (C.I.O.), on charges the company is attempting to wreck the F.T.A. and is violating the labor contract.

A company and union representatives hoped to effect a conciliation at a meeting today.

A strike would affect some 6,000 workers in plants here and in Chicago.

England Has 'Boxing Day'

In England the day after Christmas is called Boxing Day because on that day the Christmas boxes placed in the churches for contributions are opened and the contents distributed to those who give small services without pay.

LEGAL NOTICES

STATE OF NEW YORK SUPREME COURT, COUNTY OF ULSTER. HERMAN DIKES, Plaintiff, against THOMAS KRISTIE, ERNEST DIKES, OWEN MOONEY, CAPITOL WINE & SPIRIT CO., and GERTRUDE ROSS, Defendants.

In pursuance of a judgment of partition and sale of land granted in the above entitled action and entered in the office of the Clerk of the County of Ulster on the 2nd day of August, 1946, the undersigned Referee in said judgment, named, will sell at public auction at the front door of the County Court House, in the City of Kingston, County of Ulster and State of New York, on the 20th day of September, 1946, at twelve o'clock noon, the premises described in said judgment, as follows:

Viz: All those five certain portions and parcels of land situate, lying and being in the Town of Rosendale, County of Ulster and State of New York, known and designated as Parcels A, B, C, D and E, on a map entitled "Map showing sub-division of the New York Cement Co.'s Property located in the Town of Rosendale, Ulster County, N. Y." made by John F. Hallinan, C. E., dated March, 1920, and filed in the office of the Clerk of Ulster County by the number 602 on July 2d, 1920.

Containing in the aggregate about one hundred fifty-nine (159) acres, being the same premises conveyed to the said party of the first part by John Miller, sole surviving trustee, etc., by deed bearing date July 26th, 1920 and recorded on August 28th, 1920, in the Clerk's Office of the County of Ulster in Liber 477 of Deeds for said County, page 374, etc.

Being the same premises as described in a deed given by Marietta M. Sturtevant, to Thomas Kristie, dated April 29th, 1921, and recorded in the Ulster County Clerk's Office in Book of Deeds No. 482 at page 263.

ALSO, ALL THOSE THREE CERTAIN PIECES OR PARCELS of land situate in the Village of Rosendale, Town of Rosendale, Ulster County, N. Y. bounded and described as follows:

does Albania. And across the border within Greece itself a strong corps of Greek Communists has been established.

The other side of the picture is this: The Greeks, I am told by a good source, have from 60,000 to 70,000 troops under arms, and many of these are in that northern area facing Yugoslavia and Albania. And Britain is said to have some 30,000 to 40,000 troops in Greece.

One doesn't have to be the seventh son of the seventh son of a prophet to recognize that this situation, which at present basically is a conflict of ideologies, is also an explosive militarily as a block-buster. Should full-blown war come between Greece and the northern Yugoslav allies on the north, a man could tell how far the conflagration might run. It easily could mean another world conflict.

While both sides are eyeing each other across their gun-sights each is busy politically. The Communist cell in northern Greece works day and night to strengthen its ranks with the aim of gaining control of the Athens government ultimately. Meantime the Greek Rightist Movement now in power is busy preparing for the plebiscite on September 1 to decide whether King George shall be recalled to the throne he fled in April of 1941 when the Germans took over.

Actually the plebiscite, which will be held under the auspices of the present Royalist government, is being made a question of the type of regime rather than of whether "the laughless one," as the Greeks call George, shall be recalled. However, if the country calls for a monarchy, the odds are present are that George will be brought back with the blessings of Britain.

Thus goes the battle for control of Greece which affords an invaluable base from which Britain can reach the Dardanelles, the Suez Canal and other strategic points of the Middle East by air and by sea.

## Atomic Birthday Is Marked by Aim To Help Mankind

Oak Ridge, Tenn., Aug. 6 (AP)—The atomic age was a year old today and in this historic city where it was born the birthday passed virtually unnoticed.

There was no celebration planned to observe the first anniversary of the atomic bombing of Hiroshima. Instead, scientists who a year ago were awaiting reports on the havoc wrought on the Japanese city today are seeking ways of transforming the atomic forces into peaceful uses for mankind.

As for the town itself, it has dwindled in population from a wartime peak of about 75,000 persons to 45,000. There are about 32,000 workers.

## PIN-WORMS NOW CAN BE BEATEN

The miseries of Pin-Worms have been known for centuries, and millions of victims have sought a way to deal with this pest that lives inside the human body. Today, thanks to a special, medically recognized drug, a highly effective treatment has been made possible. This drug is the vital ingredient in P.W., the Pin-Worm Tablets developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P.W. tablets act in a special way to remove Pin-Worms. So don't suffer with the embarrassing rectal itch caused by this ugly pest. Ask your druggist for JAYNE'S P.W. and follow the directions. P.W. means Pin-Worm relief!

## Three Missing Sought From Ruined Tanker

Jacksonville, Fla., Aug. 6 (AP)—Officers of the tanker Homestead, destroyed by fire and explosion after being struck by lightning at a dock here yesterday, continued a search today for three men still unaccounted for many hours after the disaster occurred.

The Homestead, a War Shipping Administration craft under lease to the Deconhill Shipping Company of San Francisco, was struck while unloading its cargo at the Standard Oil Company docks. Loss of both ship and cargo was estimated at \$3,500,000.

## Peace Is Restored To Tennessee Town

Athens, Tenn., Aug. 6 (AP)—Constitutional government has been restored to this southeastern Tennessee town of about 7,000 persons with the certification to McMinn county offices of five World War 2 veterans, election victors by ballots and bullets.

The quarterly court in special session yesterday accepted the resignation of Sheriff Pat Mansfield, whose whereabouts are unknown, and received official certification of the election of Knox Henry as sheriff and four other former G. I. county officers.

Fellow townspeople and former servicemen cheered the court's action roundly in a jubilant and peaceful aftermath of six hours of rioting that marked Thursday's election when supporters of the ex-G. I. ticket shot it out with deputies of the decade-old political organization of State Senator Paul Cantrell. Backers of the ex-G. I. ticket objected to ballot-counting methods of the Cantrell group.

Henry was named to fill Mansfield's unexpired term, which runs until September 1, the day on which the terms of the other deposed county officials expire.

## Building Planning Hits 6-Month Peak

Albany, N. Y., Aug. 6 (AP)—Industrial building planning hit an all-time January-June high in the first six months of 1946, State Industrial Commissioner Edward Corsi reported today.

A total of 1,745 industrial building plans, calling for expenditure of \$53,166,490 was submitted to the State Labor Department in that period.

Corsi said the estimated total cost topped the 1942 record by \$9,702,035, while the number of plans exceeded the 1941 high by 678.

Of this year's plans, 788 were for factory construction to cost \$33,974,079; 872 were for mercantile and miscellaneous construction to cost \$17,250,161, and 85 were for work on places of public assembly to cost \$1,942,250.

A total of 862 were for new buildings and the remainder for alterations and installations.

## Long Island Train Strike Scheduled By Lewis's Union

Ray of Commuter Hope Is Seen in Willingness to Have Board Review Case

New York, Aug. 6 (AP)—A strike of trainmen, brakemen and conductors of the Long Island Railroad—commuter service for thousands of New Yorkers daily—has been set for Aug. 23 by District 50 of John L. Lewis' A.F.L. United Mine Workers.

In setting the strike date last night, William Dalrymple, director of the Railroad Workers' Division of District 50, said the union would be glad "to present its case to an emergency fact-finding board if one were established by President Truman."

He declined to commit himself on postponement of the strike while the board prepared its report. But J. J. Sayers, president of Local 13044 of District 50, said the walkout would be postponed if a presidential fact-finding board were appointed before August 23.

Under the Railway Labor Act both sides are required to maintain the status quo for 60 days after an emergency board had been appointed. Dalrymple said the workers had been trying to negotiate a contract since last February and that formal notice of intention to strike was served on the company July 23, fulfilling the 30-day notice provision of the act.

Sayers said the men had every intention of observing the terms of the Railway Act.

98 Per Cent Vote Reported

Setting of the strike date followed an announcement by Sayers that 98 per cent of some 1,100 ballots cast in a vote taken by his union had favored a walkout.

Sayers reported that the union had asked only for rule changes, adding that the company's offer of a pay increase of 18½ cents an hour—granted other workers at the end of the national rail

tieup—would not stage off the strike. A one-year moratorium on basic changes in working rules also was stipulated in the national settlement, but the Long Island workers were not represented in the Washington talks and did not participate officially in the national strike. They contend they are not bound by the national settlement.

The Long Island employs 7,000

persons who are represented by 18 unions. Principal changes asked for, Sayers said, are: Work on the basis of a 26-day month instead of 30 without a reduction in pay; a straight eight-hour day, time and a half for overtime, and sick leave with pay.

Road officials were not available last night for comment.

## Federal Building Halts Until Spring

Step Is Taken to Comply With Anti-Inflation Budget of Truman

Washington, Aug. 6 (AP)—The government's \$1,600,000,000 public works program ground to a virtual halt today.

Federal agencies—under presidential edict—set about choosing \$700,000,000 worth of construction to defer at least until spring.

Calling the step necessary to "comply with the President's anti-inflation budget," Reconstruction Director John L. Steedman yesterday clamped on a three-way moratorium that:

Presents any agency from letting contracts for any new construction during the next 56 days without his express permission;

Provides that either Civilian Production Administrator John D. Small or Housing Expediter William W. Wyatt must recommend, and the reconstruction director approve, non-deferrable federal construction to be started between October 1, 1946 and April 1, 1947, and

Requires the agencies to put on the deferred list at least \$700,000,000 worth of construction which may be eliminated entirely.

An official familiar with the moratorium plans told a reporter the search for deferrable projects should likely could turn first to such military construction as warehouses and officers' clubs, some airports, and certain agricultural conservation and reclamation projects.

## Coleman Brothers Shows Draws Many Patrons on Monday

Coleman Brothers shows, under auspices of Excelsior Hose Company, played to a crowd estimated by fire company officials at 4,000 last evening at the Pan-Am grounds on Albany avenue extension. Proceeds for the fire company will go to the welfare fund.

The show is one of the largest to play in Kingston since the war and carries 12 rides and 10 shows in addition to the midway. There are also special rides for the kiddies. At 10:30 each evening a free aerial act, the Flying Handbells, will be presented. Thursday night will be amateur night and any lady who completes the aerial portion of the act will receive a \$50 war bond. A \$25 war bond will be given to the man who goes through the act. Saturday afternoon will be children's day when children will be admitted to the grounds free.

## Pedestrians Comprise 60 Per Cent of Deaths

Albany, N. Y., Aug. 6 (AP)—Pedestrians comprised nearly 60 per cent of the 792 persons who died in traffic accidents in New York during the first five months of 1946, State Motor Vehicle Commissioner Clifford S. Fletcher noted today.

The number of pedestrians fatally injured totaled 469, Fletcher said, urging observance of safety rules.

This year's January-through-May total was 79 under that for the corresponding period in pre-war 1941, and 229 higher than that in 1945.

## Hennegan Held For Church Theft In Saugerties

Charged With Taking Vigil Light Stands With \$20 From St. Mary's in Village

Entrance to St. Mary's Church, Saugerties, on the early morning of August 3 and the theft of Vigil Light stands containing money, was cleared up Monday afternoon through the clever work of Sergeant Arthur Reilly of the State Police B.C.I. stationed at Lake Katrine.

John Joseph Hennegan, Jr., 30, of 12 McDonald street, Saugerties, was placed under arrest and according to the officer, later made a confession that he had entered the church at about 3 a. m. and removed the stands.

Hennegan was arraigned on a burglary, third degree, charge before Justice Charles T. Sackles of Saugerties and held for grand jury action. He was remanded to jail.

Officer John Kealey of the Saugerties police force and Sergeant Reilly investigated the burglary and Monday evening placed Hennegan under arrest. The burglary was discovered Saturday and reported to the Saugerties police. At that time it was reported that two Vigil Light stands had been taken and it was presumed that the money in the stands would amount to about \$20 in the opinion of the Rev. Patrick Hardy.

Sergeant Reilly said that a confession had been made by Hennegan, who admitted entrance to the church. He allegedly told the officers that he had taken the two stands from the church and with an iron Knights of Columbus flag standard taken from a cemetery, had pried open the boxes and secured the money. He said the boxes contained about \$10. None of the money was recovered and the damage to the Vigil Light stands amounted to more than the money which was stolen.

## Vets Not Exploited In State, Says Edward J. Neary

Saratoga Springs, N. Y., Aug. 6 (AP)—There has been "no exploitation of veterans' on-the-job training in New York state," Edward J. Neary, director of the State Division of Veterans Affairs said today.

Neary commented on a warning by Veterans Administration, Gen. Omar N. Bradley that the national program threatens a scandal involving millions in federal funds. Bradley spoke at a Spanish War Veterans' encampment at Milwaukee yesterday.

In a telephone interview, Neary, who is attending a school session for veterans' counselors at nearby Mt. Greogor Rest Camp, stated: "The Labor Department, which has the responsibility of approving the program, and the Division of Veterans Affairs, which has the responsibility of doing the field survey and assisting employers in setting up the programs, have been meticulous in the care exercised in establishing proper training opportunities for veterans."

Bradley had said that something is wrong when an employer amounts a trainee's salary by an amount approximating his subsistence allowance.

However, Neary declared that "special care has been exercised" in seeing that all veterans in New York's on-the-job programs are paid the prevailing wage in their particular type of work.

## 'Many' Reported Killed

Rome, Aug. 6 (AP)—Four policemen and "many more" peasants were reported killed today in fighting near Palermo between Carabinieri and Sicilian peasants in revolt against consigning their crops to the government's "granaries of the people." Sicily has lagged far behind most other parts of the government's granaries program, which the government instituted in an effort to smash the black market and assure an equitable bread ration. Latest reports said the Sicilians had turned in only 128 per cent of their goal of 178,184 tons of wheat.

## Is Human Bridge Under Spell

Harold Chaskin of New York, with his head on one chair and his feet on another, remains as rigid as a piece of steel as Harold Williams, a 200-pounder from Brooklyn kneels on his chest, during a hypnotism demonstration at Williams Lake, conducted by Dr. D. F. Tracy, standing at the subject's head, and Dr. Sidney Brosen, behind him. Men kneeling on the chairs are unidentified. (Freeman Photo)

## Hypnotist Gives Demonstration at Williams Lake

At Williams Lake Hotel last evening, Dr. D. F. Tracy and Dr. Sidney Brosen of New York, psychologists, gave an amazing one-hour demonstration in hypnotism during which it was shown how tastes can be changed, cigarette and alcohol habits cured, and subjects made to laugh and cry and sing, all at the suggestion of the hypnotists.

One subject was given a lemon to eat and thought it was a sweet peach; another believed a cigarette he was smoking tasted like burnt rubber; a third was told an alcoholic drink tasted like acid. Another picked imaginary roses.

When one subject was put into a cataleptic state, head on one chair and legs on another, a heavy man weighing over 200 pounds stood on his chest and the subject did not bend an inch.

These interesting and scientific demonstrations are a regular feature at Williams Lake Hotel on Friday and Monday evenings on Dr. Tracy's stay until August 17.

Dr. Tracy and Dr. Brosen conduct the New York School of Modern Hypnosis during the fall and winter where they teach students the modern method of hypnosis.

## \$4,685,300 Loss Is Revealed by LaGuardia Field

New York, Aug. 6 (AP)—The Herald Tribune said today Mayor William O'Dwyer has been informed that huge LaGuardia airfield has steadily lost money since its construction six years ago.

As a result, the Tribune said, the mayor has bid for operation of municipal airports by the Port of New York Authority. It was said that during the six full fiscal years LaGuardia field has been in operation it has run up an aggregate deficit of \$4,685,300.

The loss was said to have resulted from the heavy yearly outlay for interest and amortization on the \$20,000,000 advanced by the city for construction of the field. There was reportedly no loss on operation and maintenance, which have been covered by gross receipts during every fiscal year from 1940-41.

A report submitted to the mayor and not yet made public also indicated that the new Idlewild airfield would be overcrowded within ten years, the Herald-Tribune said.

The report was said to predict that by 1960 New York will have 30,000,000 passenger arrivals and departures yearly.

It stated that even if Idlewild is developed to the \$200,000,000, 12-runway field called for by plans, it will be operating at its theoretical capacity of 22,000,000 passengers yearly by 1951.

## 11 Trotters Are Entered to Race In Hambletonian

Chestertown Is Favored to Win \$28,000 Purse at Goshen

Goshen, N. Y., Aug. 6 (AP)—A field of 11 three-year-old trotters, headed by the \$40,000 California hope, Chestertown, from the barn of Walter E. Smith of Los Angeles, was entered today for tomorrow's 21st running of the Hambletonian at Good Time track.

Three fillies, seven colts and one gelding were listed in the office of Track Secretary Al Saunders today to run for the estimated \$28,000 purse going to the top trotter in the best-two-of-three heats tomorrow.

Money awards from the total \$50,000 pot also go to the next five horses back of the winner in the buggy whip derby.

All of the choices back of Chestertown also were in the entry lists—Mrs. James B. Johnson, Jr.'s \$37,000 yearling, Victory Song, from Rochester, Mich., the fillies Deanna, last year's champion two-year-old, and Westfield Girl from the barn of E. J. Baker of St. Charles, Ill.
